

ZERO TOLERANCE ON HAZING

“We don’t haze because we don’t have to”

Sigma Chi believes that we should always build up our brothers-to-be and make them “character based leaders aligned and focused on our core values”. We simply do not haze.

When you are a pledge of the Beta Phi Chapter, you have already met our standard of recruitment. The purpose of our Pledge Training period is to prepare you for becoming a Sigma Chi. Hazing accomplishes nothing. It is contradictory to the values and ideals of Sigma Chi.

The Mission of our Pledge Program is:

Our mission during the Pledge Program lasting one semester is to teach and prepare our brothers-to-be to become our Sigma Chi Brothers. We are a goals and values based organization. We believe in educating young men on the principles of leadership, integrity, courage and self-reliance and personal accountability. This period will educate our candidates on our ideals and beliefs and to ensure that these candidates are adequately prepared and informed on what will be expected of them during their lifelong journey of being a Sigma Chi.
